“We are proud to be the only fashion brand in Vietnam working towards developing an ethical and sustainable fashion house.

90% of the raw materials that Tran Hung uses are environmentally friendly material and ethically sourced, silk”, Tran Hung.

09

## INSPIRATION

The inspiration behind his collection which was established in 2016, also stems from the powerful inspirational women in his life who are strong independent feminists that empower independence and liberation.

## DESIGN

The design is based on natural fabrics and is handcrafted. Organza is Tran Hung's signature material of choice. This is the reason the brand is so unique and different from other brands in Vietnam.
